Oberursel Politics - Welcome!

We are pleased that you are interested in our local politics!

[redacted]

Dr. Christoph Müllerleile, Head of the Oberursel Town Council Assembly

I would like to welcome you to the website of the Oberursel committees.

We appreciate your using this online service very much.

Here you may find out about the multifaceted work being done by the 45 members of the Oberursel town council assembly, the 15 members of the town council and the 49 members of various local advisory councils, who volunteer to represent the interests of the Oberursel population.

The meetings of the town council assembly, the committees and local advisory councils are basically open to the public, and everyone can attend any time if space is available in the meeting room. Meetings, such as consultations, which are not open to the public, cannot be attended.

Our aim is to inform you about current events and give you essential background information.

Please contact the Office of the Committees (Büro der Gremien) for more information and for a list of scheduled meetings of the town council assembly, various committees, local advisory councils, the Bommersheim advisory council and the foreigners' advisory council.

Also, we invite school classes to attend meetings of the town council assembly. Please contact the Office of the Committees to send you the respective agenda and accompanying material to help you prepare for the meeting in class and/or to summarise it afterwards.
The Office of the Committees personnel will be pleased to assist you.

We look forward to having you at our meetings and very much appreciate your interest in what's going on politically in Oberursel.

Dr. Christoph Müllerleile
Head of the Oberursel Town Council Assembly
